

# Pool Liners

 **MERLIN**  
INDUSTRIES, INC.  
**PROFESSIONAL**

Your Best Choice

2019

Beautify your swimming pool with a professional pool liner certain to transform your pool into a spectacular backyard showcase.

## - Your Best Choice.

The Merlin name is your assurance of a professional product - the **best value** for your investment to be found anywhere. Our products are your best choice because they are **better designed** to meet your needs, **better manufactured** with **better materials** to withstand the elements, and **better supported** over their lifetime.

Appearance and quality construction come together beautifully in a Merlin pool liner. It all begins with the pattern design; many of our patterns are Merlin Signatures, developed in collaboration with professional designers whose creations reflect the latest home decor and color trends.

Merlin pool liners are custom designed to provide the best fit and durability. Our designs are specific to your pool and do not rely on extreme stretch to fit. Each liner is CAD-designed and custom manufactured to accommodate steps, angles, objects, and unique configurations.

**Merlin even has your seams covered.** Our Silk Seam process creates a flatter seam that is easy on your feet and is less likely to catch debris.

Know where your vinyl comes from.

## All Merlin liners are manufactured from 100% North American virgin vinyl.

All of Merlin's vinyl liner patterns come from suppliers located in the United States or Canada.

*Siesta Key Tile, Blue Reef Bottom*

We do not import low-cost vinyl from countries whose formulation and quality standards are not regulated like North America's. Using North American manufacturers to make and print our vinyl, Merlin can ensure that high quality standards are followed when it comes to producing our vinyl compared to companies who rely on cheap offshore material manufacturers.

## Tex-Step Textured Vinyl\*

*Blue Reef  
Tex-Step Shown.*

**Tex-Step textured vinyl is a great addition to your pool steps and benches.**

Merlin offers over two dozen textured vinyl patterns to coordinate with your pool bottom choice. Textured vinyl provides better slip resistance than standard vinyl & helps make your pool safer for kids, friends, and summer fun!

# AquaMAX Liners

From Merlin Industries, Inc.

## Your Best Choice

For years, pool owners have been looking for a better pool liner only to be told that all they can get is a thicker vinyl liner. Thicker liners are still subject to the same ultraviolet, chemical and heat damage as standard liners.

Introducing a Merlin Exclusive - Aqua-Max liners!

Aqua-Max liners are specially formulated to provide greater Ultraviolet resistance and far greater resistance to today's pool chemical systems and occasional chemical misuse. Aqua-Max vinyl also contains over twice as much anti-fungal and anti-bacterial protection than standard vinyl liners.

Aqua-Max vinyl liners are truly a better vinyl liner.

Demand an Aqua-Max vinyl liner, only from Merlin!

Simulated Over Chlorinated Pool Results

UV and Weathering Resistance Test Result (exposure to Xenon Arc Lamp)

Standard Vinyl

AquaMAX Liners  
From Merlin Industries, Inc.

New Sample

1500 Hours  
Estimated 6 Years

2500 Hours  
Estimated 10 Years

**50% more** top coat to help prevent scuffs & stains.

**25% better** resistance to chlorine bleaching.

**25% longer** life expectancy than standard liners.

**20% more** UV resistance than a standard liner for longer-lasting color.
